

Could you have pension savings you've lost track of?

Millions of people in the UK have forgotten a previous pension, worth £10k on average! Let us help you find them and bring them together in one place. Our digital assistant can help.

Get a clear view of your future finances

Find and combine old pension pots, then clearly see the total in your Cushon app. It's easy with help from your personal pension buddy, **Iris**.

Iris is a digital assistant with human support behind the scenes. Her job is to make life easier, helping you tidy up your savings and feel confident about your financial future. She might even find savings you didn't know you have!

“

I found a pension I didn't even know I had from when I was a swimming instructor in my early 20s. I much prefer having them all in one pot.

Why track down old pensions?

Pensions can be confusing, so it's common for people to leave them where they are. But that means you have no idea if you're saving enough for the life you want in the future.

No expertise needed

There's no need to dig out any paperwork. You only need to. Know where you worked or who your pensions are with.

You're in control

We find your old pensions and you decide which to transfer. If there are exit fees or complexities, we explain it all clearly.

Total pension visibility

With your pension savings in one place, it's easy to see exactly how much you have now and what it could be worth in the future.

How does it work?

1. Download the Cushon app and log in
2. Enter a few details to confirm your identity
3. Share your work history or names of old pension providers
4. Iris tracks down your pensions and lets you know about any exit fees or issues
5. Iris contacts each pension provider and gets the savings moved to Cushon

Good to know: Transfers can take a few weeks to a few months, depending on your previous pension provider's response time.

Scan to download the Cushon app.

You can find your login details in your Cushon welcome email.

The value of investments can go down as well as up which means you may get back less than you put in. We do not provide financial advice.
